

STUDENT WELLNESS AND SUCCESS FUNDS SPENDING PLAN

GENERAL USE DESCRIPTION

<p>Describe generally how the School will use the funds. (What are the goals/objectives the School expects to achieve?)</p>	<p>The Academy continues to manage the behavior and mental health concerns of our students in this post-Covid world. Many students returned to school grieving the loss of their normal experiences during Covid and others were still dealing with trauma they endured during the extensive time away from school. This has impacted student behavior and resulted in a need for more intensive support for our students. Funds would be used to provide intensive mental health counseling skills through a virtual mental health services provider.</p>
